

Natural Blue Blend

Ultra High Speed Burnishing Pad

*For use on all High Speed
Floor Machines*

This UHS pad is a blend of polyester and natural hair fibers designed to achieve the wet shine look. The specially blended resin binders in the Natural Blue Blend allow this pad to be used for frequent, even daily use, on the softest of floor finishes. This pad can be used on all UHS burnishing machine types.

- Ideal for applications where frequent UHS burnishing is required
- Ideal for use on soft to medium hard floor finishes up to 3000 rpm
- Easy to use and clean
- Estimated life: 150,000 sq. ft.
