

Time Saver Auto Scrub “The Pink One”

Full Cycle® Products are certified by Green Seal® for Environmental Innovation based on faster biodegradation in landfill conditions and 100% recycled content/natural fiber. GreenSeal.org/GS20

The Perfect Pad for Daily Cleaning

- Open construction to minimize loading
- Designed for daily cleaning of light to medium surface soil
- Excellent for removing both scuff and black marks
- Will not damage floor finish
- Perfect pad to use prior to burnishing
- For use on oscillating machines or rotary machines up to 350 rpm

FAQ

Time Saver Auto Scrub “The Pink One”

Where can I use Time Saver Auto Scrub “The Pink One”?

You can use Time Saver Auto Scrub “The Pink One” on any hard surface flooring, including wood.

With what types of machines do I use Time Saver Auto Scrub “The Pink One”?

This pad has been specially designed for use on automatic scrubbers, but it may be used on any standard speed or oscillating machine.

Why use Time Saver Auto Scrub “The Pink One” instead of Red Buff for cleaning a floor?

Red Buff pads were designed as spray cleaning or dry buffing pads; therefore, they were designed using finer fibers and a closed web. The Pink One is formulated using higher denier fibers and with a more open web. These changes increase pad stability and retain its loft with regular use under an auto scrubber. The open web construction reduces pad loading while cleaning. Simply stated...The Pink One cleans better than a Red Buff.

What is the average lifespan of Time Saver Auto Scrub “The Pink One”?

When used in a traditional daily cleaning application, you can expect a pad life between 50,000-75,000 sq. ft.

NOTE: Pad life is directly linked to proper use and care. Thoroughly clean and allow pad to dry between uses.

What sizes of “The Pink One” pads are available?

Description	Size	Pk.	Item #
