

Floor Care Needs For a Successful Re-Opening

We can't neglect our floors. Covid-19 is recognized as a droplet based virus, and gravity ensures that floors are widely exposed. Here are **5 Critical Needs** to support re-opening and welcoming patrons back into your facilities.

TrapEze
DISPOSABLE DUSTING SHEETS
NET WT. 10.000g

Click here for more information www.americomfg.com/trapeze

It is imperative that dust and soil be removed from the floor **BEFORE** disinfection steps are taken. TrapEze is **DISPOSABLE**; simply use and discard.

SMARTSCRUB™

Clean and Shine in just one step, lower your labor spend by reducing the need for burnishing.
